

## **ROAMSYS easyRAEX - Easy compliance with GSMA RAEX AA.14 and IR.21**

**All you want is an easy to use tool to become compliant with the GSMA RAEX AA.14 and IR.21 standards? You do not need a complicated and oversized system? Then easyRAEX is the right solution for you.**

ROAMSYS easyRAEX is the easiest way towards RAEX compliancy. Update your own AA.14 and IR.21 documents via an intuitive user interface and export them in RAEX XML and PDF format. You can also import and store RAEX documents from all your roaming partners. ROAMSYS provides free updates and you will always support the latest RAEX standards. So why should you spend time and bother yourself studying new requirements?
